Presswheel Mounting Options

FIXED EXTENSION ARM

Used when presswheels are permanent with provision for an adaptor plate to be welded to end of main arm to add harrows in combination. If no harrows used 2 arms required per section of bar and recommend 3rd arm for any sections with more than 18 presswheels. Typical folding machine will require 6 or 7 arms. Mount bar secures to ends of these arms. Weight 35kg

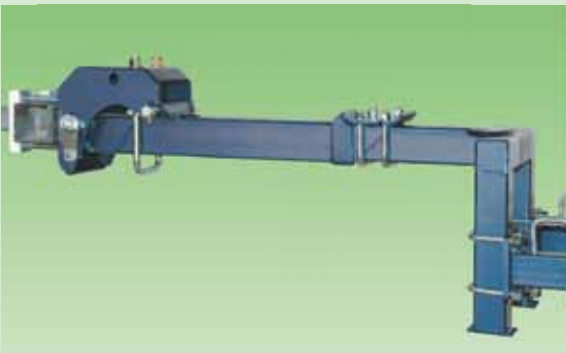

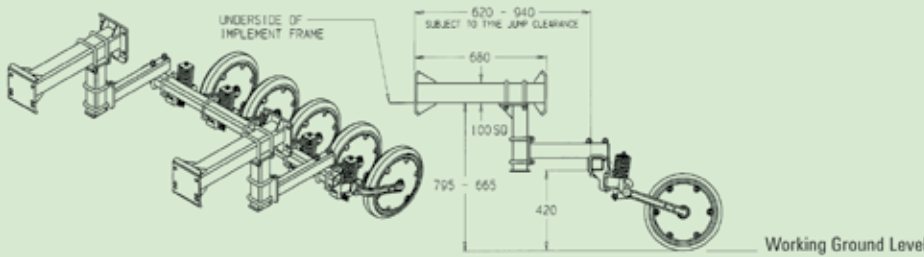

PRICE: \$390 exc. GST (\$429 inc. GST).

FIXED EXTENSION ARM WITH DOUBLE DROPPER

Used in conjunction with above arms on short sections of folding machines ie. 7ft or less with up to 10 presswheels. (Typically used on short outer wings of double fold machines). Mount bar secures to end of arm. Weight 40kg.

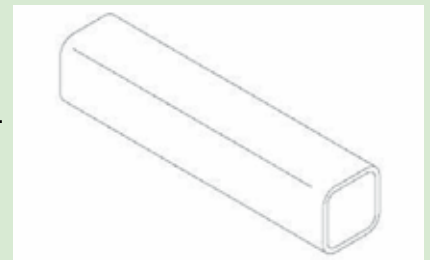

PRICE: \$515 exc. GST (\$566.50 inc. GST).

TELECARRIER ARM - PRESSWHEELS

Used when presswheels are to be interchangeable with harrows. Can mount up to 10 presswheels per arm. Mount bar secures to the end of arm. Weight 45kg.

PRICE: \$550 exc. GST (\$605 inc. GST).

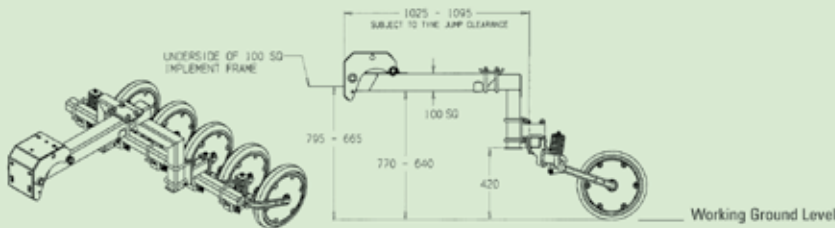

MOUNT BAR

65 x 65 x 4RHS secures to the ends of arms (Left and previous page) for presswheels to mount to. Typical 3 section folding machine will require 3 pieces of this bar.

PRICE: \$45/m exc. GST (\$49.50 inc. GST).

W.A Only

Includes bar cut to length with plastic knock in caps.
